Malindi.
Friday 14th, 2014,**

KILIFI COUNTY GOVERNMENT

COUNTY ASSEMBLY

FIRST ASSEMBLY (SECOND SESSION)

PROGRAMME OF ASSEMBLY BUSINESS

FOR THE WEEK COMMENCING TUESDAY, MARCH 18TH, 2014

TUESDAY 18/03/2014: Afternoon Session (1st Day)

Communication from the Chair, Petitions, Papers Laid (County Fiscal Strategy Paper), Notices of Motions (Hon Emmanuel K. Chai-Department of Finance).

MOTION - HON. COSMAS FOLENI KENGA (DEPARTMENT OF AGRICULTURE-RESUMPTION OF DEBATE FROM WEDNESDAY 12TH MARCH 2014 AFTERNOON SESSION)

Aware, that Kenya Agricultural Research Institute is mandated to undertake research on variety of food species e.g. cassava.

Aware, that there are some cassava species introduced by KARI to the communities that are not fit for human consumption.

Further aware, that there are episodes that happened in Dida Location at Mkwaju wa Charo in Vitengeni Division where a family lost two young boys **Hongera Donald Nzai (8 years)** and **Tunda Donald Nzai (6 years)** after

taking cassava containing hydro cyanic (HCN) on hydrolysis which caused death to these young innocent boys.

This Assembly urges the County Government through the Ministry of Agriculture to put mechanisms to the people of Kilifi on which species of cassava are unfit for human consumption and to ban all species of cassava which may be deemed as harmful and create public awareness on the same. And to further investigate if there was any negligence on part of KARI regarding the loss of lives of two boys who succumbed to death after consuming a deadly species of cassava and whether Compensation was made to the boys' families.

WEDNESDAY 19/03/2014-MORNING SESSION. (2ND DAY)

Communication From The Chair, Petitions, Papers Laid, Notices Motions, Messages And Statements.

MOTION- HON. SAIDI NDEME MWACHENDA

**FOOD SECURITY IN KILIFI COUNTY (DEPARTMENT OF AGRICULTURE-
RESUMPTION OF BUSINESS FROM THURSDAY MARCH 13TH 2014
AFTERNOON SESSION)**

A ware that there is food shortage in Kilifi county and so many people starving/dying of hunger in almost 30% of the parts of the county despite the fact that we have a lot of land as compared to other counties.

Still aware that our county is among the marginalized counties in Kenya but having some rivers cutting across like the Sabaki River which is a permanent river.

This county Assembly therefore urges that county government through the ministry of Agriculture to start a food security programme so as to make sure that everyone has an access to sufficient safe, nutritious food to maintain a health county.

That the county government introduces irrigation system through water harvesting and rivers system through water harvesting and rivers together with making enough fish ponds as well as encouraging people to grow as many species of food as possible depending on the type of soil and temperature of a certain place. Giving out of seeds and fertilizers for free and capacity building together with keeping some regulations in place to control the sell of farms and farm products meaninglessly.

Finally this county government construct enough county food granaries for good food storage and making sure that there is health, and enough food as well as food banks where even donors can donate the aids before the crisis for emergency food samples in order to carter for the needy people in the county.
