## **NOTICE OF MOTION-DEPARTMENT OF ROADS AND PUBLIC WORKS**

Aware that, the county government has procured new vehicles for its use in its various departments. aware that, these vehicles have been roaming past government regulated hours. This unregulated use has obviously increased the cost of running these vehicles as well as securing them of theft.

This county assembly urges the county executive committee members in charge of transport and ICT to equip these vehicles with fleet management systems and a control room be set up at the executive ICT office to monitor the vehicles moving around and hold drivers responsible who would have been driving these vehicles past the government required hours without authority.
