Aware, that the Youth and Women are some of the vulnerable groups of people in our society as enshrined in the Constitution of Kenya, 2010. Aware that, they are entitled to a percentage of all County Government tenders. Further aware, that they are faced with hurdles on where to get financing because of the bottle-necks associated with such financing endeavors. This County Assembly urges the County Executive in charge of Finance and Economic Planning come up with a policy that would give at least 40 percent of the contract value as mobilization fees to these marginalized groups once they are awarded the tenders.
