COMMUNICATION FROM THE CHAIR

DELAY OF HOUSE BUSINESS

The Speaker (Hon. Mwambire): Thank you. From what we are seeing as an Assembly, you need to be serious as the Office of the Leader of Majority. When the Leader of Majority, Deputy, the Whip even if all those Members are not around, any Member from the majority side can handle that issue; so let there be no further challenges when it comes to executing the mandate of the Leader of Majority because it will bring unnecessary confusion, delay of Business of the House which is not fair.

Let that be not an individual believing if that person is not there, then nothing can happen. Please, have good coordination and even on the side of the Minority. If we have an issue that is supposed to be tabled by the leadership in the House, let there be a Member in the House who is informed because I know there are several issues sometimes the leadership is engaged in. If engaged, delegate so that at least the Business of the Assembly can be transacted smoothly.

Even in Committees, if the Chairperson or the Vice is not around, let a Member of the Committee be given that mandate to execute the duties smoothly. So, let there be no contradictions anymore. We are going to give you leeway today because you have just come back from a short recess, but you are old enough to know what you are supposed to do in those positions.

Hon. Tete, we appreciate that you have tabled but next time get the information as early as possible so that everything can move smoothly.

ADJOURNMENT

The Speaker (Hon. Mwambire): Hon. Members, there being no other business to transact now, this House stands adjourned until today at 2:30 p.m. Thank you.
